Dear Mr. Fahn:

This letter is to notify you that the Division file, S/023/033, for the Coyote Knoll #1, #2 & #3 small mining project, located in Juab County, Utah, will now be retired and the permit closed. Another operator has filed a small mining application to take over this project and assume responsibility.

We have received correspondence from the Bureau of Land Management, that your notice has expired and you no longer have rights to mine at this location, a transfer will not be required.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$150.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, post the appropriate reclamation surety bond and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

Tom Munson
